### **124/22 Adjournment of Meeting for Public Question Time**

#### **1) Members of the Public**

**Planning** – The Parish Council heard from a number of members of the public expressing their objections to 2 planning applications referred to under Minute 125/22 below. In both cases the objections related to the impact that the proposed developments would have on the local community. The Chair pointed out that the Parish Council were only being consulted on the applications by the District Council and did not have any authority to approve or dismiss the applications. He urged all the members of the public who were opposed to the planning applications to register their objections on the District Council's website, by writing to the District Council or contacting their local District Councillor, Malcolm Glass. He stressed that the volume of objections could have a significant impact on the outcome of the applications.

#### **2) County Councillor Kyle Daisley**

#### **3) District Councillors Malcolm Glass and Harrison Rone-Clarke**

There were no County or District Councillors present.

### **124/22 Minutes of the Meeting held on the 1 August 2022**

The minutes of the meeting held on the 1 August 2022 were approved and signed by the Chairman.

### **125/22 Planning Applications**

**1) 22/01066/OUT – Land at Little Intall Fields Farm, Stoke Pound Lane, Stoke Prior – Outline Planning Application (with all matters reserved except access) for the erection of up to 78 dwellings and a flexible commercial/community use building with associated access, infrastructure, landscaping, and open space provision. Two storey side and rear extension**

The Parish Council agreed to vehemently oppose the application and fully support all of the objections raised by the local community. They fully supported the view that the site was in the Green Belt and not a brown field site as claimed by the applicants. They supported the views of the local community which are briefly summarised as follows:-

1) The development would create unwanted additional traffic along Stoke Pound Lane and Hanbury Road. That part of Hanbury Road was particularly dangerous given the blind bends and the new entrance to the proposed development would exacerbate that problem. The road is also

heavily used by HGVs which create their own safety problems for road users and local residents. Speeding is an additional hazard as was the likely increase of 150 cars resulting from the proposed new development.

2) The importance of the area for its biodiversity was also stressed as it provided a number of important habitats for birds, mammals and insects which needed protection.

3) The lack of sufficient footpaths and street lighting in the whole area created another safety issue for pedestrians including young children.

4) The local infrastructure of shops, school and doctors surgery were already overstretched and could cope with another development of this size.

5) Total lack of public transport.

6) Hanbury Road already had some flooding issues and the development was likely to enhance that problem.

## **2) 22/01023/FUL – 6 Foley Gardens, Stoke Prior – Demolition of existing house and outbuildings. Construction of 4no. houses and 1no. bungalow**

The Parish Council strongly objected to this application on the grounds that firstly it would entail demolishing a property of historic interest and value and the building of 5 new properties would be totally out of character with the existing properties in the area. The Parish Council felt that the existing property at 6 Foley Gardens was or should be designated as being of heritage status given that it was built in the early 19th century. In addition, under powers granted to local authorities regarding garden grabbing, the District Council had the power to refuse planning permission for projects such as this.

The Parish Council also agreed that issues such as the loss of existing views for neighbouring properties, the loss of historic orchard land and the valuable habitat for wildlife should be taken into consideration as well the impact on the local community on site traffic along a very narrow road, the pollution created by such vehicles and the creation of a serious safety hazard for existing residents.

## **3) 22/00912/FUL – Fir View, Moorgate Road, Harbours Hill, Bromsgrove – Proposed single storey extension**

The Parish Council were concerned that the frontage to the proposed extension would not be in keeping with the locality given the number of period cottages in the area.
